Introduction

St. Joseph's CBS Fairview or "Joeys" as it has become well known, was opened on 3rd August 1888. Since then it has established itself as one of the premier schools in the country, producing future Taoiseachs, top business men and sports stars. Joeys is known and respected countrywide for its achievements both academically and sporting. Joeys Cover to Cover is a celebration of that and in the best of Joeys traditions it's good laugh too. It has come a long way since those humble beginnings of 1888 when the school was opened by the Christian Brothers as a three roomed building in the area of Marino. Thousand of students have walked the corridors of the school through the years, the majority of them recognised that the best efforts had been made by staff to make the Joeys experience a happy one. Even today the students of Joeys are given marvellous talents. Transition year made its appearance in the school in 1988 and has been a major success (*You wouldn't be reading this now if there was no T.Y.O*) among students, being a year to enjoy with no exam pressure.

Joeys has stood the test of time tremendously and its influence is now evident in the business world today. Lets hope it continues in the same manner and we hope it gets even more of the success it so greatly deserves.

School

As I walked the already sodden path of my education, my travels took me to St. Joseph's secondary, the jewel in the crown of Fairview and the sceptre of north Dublin. The sheer breath taking view of the walls stepped in history embroiled in tragedy, took me to another plain. The steps were well worn, the ground well hardened, this was indeed a mighty school. The two buildings of which many years ago the scream of young men being hit by brothers who felt the leather was mightier than the pen, where now standing against time; matching old ways with radical teaching methods. I stood listening to people talk about the summer, talk about the future year each one ticking away the time till the bell went. Then the sudden shriek of the bell broke the laughter we were gathered into a room each one of us making fun of an empty trophy cabinet which defies the logic of the school, but has being ratified in recent years. We were put into separate class each one of us thinking that the person in front of us was useless. Now four years on school has changed, in a way which can't be described, but one thing let it be known I never wanted to go to St. Joseph's I was made to !!

Most of us don't know this, but big Jim Teeling recently picked up the Best Actor at this years Oscars. Apparently his role as a "Teacher" in Joey's is so convincing that our stricken audiences had no doubts in their minds who would pick-up the coveted awards. Despite never having one acting lesson in his whole life our Jim explains that its all down to his "natural ability". He goes on "It's a gift I seem to have be born with and I've always felt that it was right thing to do. Talking on the tough and at times challenging job as a "Teacher", he has over the past few years given a dazzling performance and still manages to take each day as a new role. Bewildered audiences are even convinced that Jim can actually teach. Even the fussy cruel critics have been impressed by Jim. One tells us, "I saw him a few years ago when he was young and just feeling his way. I could see that a raw talent was there and now he has come a long way since then. One can see a bit of the Orson Welles in Jim".

In recent years Ireland has achieved great success at the Ceremonies and Jim has put the icing on the cake for Irish Theatre. On asking Jim why he decided to devote his career to the one role, he told us; "It's a tough job but someone has gotta do it. Sometimes a man's gotta do what a man's gotta do". Jim left us after a long interview, in which he did most of the talking with the following words; "THERE NO BIS. ORG LIKE SHOW BIS. ORG."

"Other people can afford a proper remote control!"

CAPTAIN MARVEL

Trevor Drives Joey's Home
St. Josephs 2 Clonkeen College 0

After our break true in 1991 Joey's won the FAI Leinster senior cup. Famous for our producing of great Gaelic footballers, we took our first senior soccer title when we beat Clonkeen College at Tolka Park.

It was our school's international Trevor Vaughan who had captained the school in the Gaelic Football already was everywhere. In the first minute his free kick reflected off the crossbar. Vaughan came close again in the 35th minutes when Mark Smithers corner was clears only as far as Vaughan but unfortunately he volleyed the ball wide. Clonkeen had five men at the back but still could not contain Ernie Frazer and Joe Corcoran.

Vaughan broke the deadlock 20 minutes into the second half when he headed a Smithers corner into the bottom right corner giving the keeper no chance. Vaughan continued his brilliant play with a 20 yard kick after Joe Corcoran had been taken down. Clonkeen battled on but nothing was getting past goalkeeper Mick Dempsey.

St. Joseph's consisted of: M. Dempsey, G. Grenell, C. Fitzpatrick, G. Smithers, Chalie Fitzpatrick, D. Maher, M. Dunne, T. Vaughan, J. Corcoran, M. Smithers, E. Frazer. The team followed this success by going to win the all Ireland championship where they won on penalties in Donegal. This year some faces may have changed but the results and we have once again reached the Leinster school Cup Final and with Mr. Kelly and Mr. Leahy in charge, the success will hopefully continue.

SCHOOL HISTORY

Time brings many changes. In mind the mid-fifties our secondary school, together with then primary school were both in one building; known today as the middle block. Two iron stairs led to the upper story. One of these stairs is still in use; the other, which was twice as wide, led to a balcony giving access on the left and the right giving access to the class rooms.

The top story had six class rooms. Numbers 21 and 22, exactly as today. Number 19 (now the art room) held two fifth year classes. The present rooms 16 and 17 were one large room.

A science room took the place of rooms 14 and 15. In later years, this science room was transferred to it's present position. For convenience all the top floor was used by the secondary pupils as were the three rooms on the ground floor. The rest of the building was occupied by the primary pupils. Under these conditions numbers were small.

The toilet block for both schools was situated in the school yard, where the changing rooms are today. It was unsatisfactory in construction, unsuitable for it's purpose and defective structurally.

At this period the proportion of the brother to teachers was about 50 - 50. This proportion changed with the years. Presently there is only one brother in a staff of 31.

In 1957 the foundations of a new secondary school laid. The school opened in September 1958. it has a physics room, a computer room, a staff room, and eight class rooms. Two rooms formerly used by the primary pupils in the middle section are now occupied by secondary pupils. There are 530 pupils on the role today.

COMING TO A CLASSROOM NEAR YOU!

WE HAVE IT FIRST
Brother Kiely to Leave Joeys

Recent rumours being spread that Brother Kiely will leave Joeys for a position in Italy **ARE TRUE!**

Despite spending the last thirty years in our school, the Brother has reportedly been having secret talks with Italian soccer giants A.C. Roma. The struggling Roma are in need of a player who will not only dazzle sectors with divine dribbling skills but also be capable of creating goals of pure genius. Brother Kiely fits the bill. These talks on a possible transfer have caused consternation in the school, but the Roma boss Mancini, is reported to have stated that no fee is too large. Estimated figures ranges from £20 million to £35 million.

However, nobody is available for comment.

For the past thirty years or so, the brother has been a consistent mid fielder for recent Division Eight runways, C.B.S Utd. Currently enjoying the best spell in his career, in the in-form star can spilt any defence with one single pass. Comparisons with young George Best have often been drawn, but the modest mid fielder pays no attention. According to club folklore, the brother once defeated Marino F.C. single handily by scoring seven times.

We recently caught up with the stylish soccer star or the " Saint ", as he is affectionately called. Unfortunately he hit the showers without comment. However, thanks to fellow team-mates we got the following information. This is what some players had to say ;

" Saint's a good player, not a great player. I said to him that when he gets the ball, to hold it right there, but sometimes his pure genius is too much for the boys, like myself " Eamonn Dunphy. Last year we thought the boy was here for good. Unfortunately he was spotted by an Italian scout. I'm sure he'll do well, the boy's a genius !" John Motson.

" Like I said to 'em last week, it's funny 'ol game Saint and sometimes you gotta do what you gotta do ". Jimmy Greeves.

According to John Motson, Brother Kiely is regarded, by many in the game, as one of our greatest players since Eoin Hand.

Times we live in

The following pages have been set aside to remind us of some of the events which occurred during production of this magazine.

NEWS

Yet again the I.R.A. claimed the lives of innocent people. On the 20th of March 1993 they callously murdered two young boys and injured many more in the busy town centre of Warrington. Two bombs had been planted in two litter bins. Tim Parry (age 12) and Johthan Ball (age 3) were killed by the blasts.

The people of Ireland were shocked and angered by this tragedy. This innocent led to many peace demonstrations calling for peace.

Before the week had past after this tragedy

* four men were shot dead by the U.F.F. in Castlerock in Co. Antrim

The war in Yugoslavia was continuing with no

* end in site with many women and children all too often being the victims.

O what a great was Teeling ;
who owned stocks and shares in Darjeeling;
he often rang home on a portable phone;
to make sure he'd get a good feeling.

Mr Carolan was monotone and thus,
of his equipment would make such a fuss,
in his class, one day,
he was heard to say,
' You boy, get out the whole way '

O'Dwyer was scary and mad,
who thought he was a bit of a lad,
one day met his match,
in a man with some cash,
and wound up in a zoo Chaiwad.

Mr Adams was tall and was thin,
and had trousers he probably slept in,
one day he was late,
so he ran in the gate,
and found out; he'd got an odd sock on.

Mr. Heneghan was clever and wise,
who often partook of mince pies,
one day at four,
he approached the door,
got stuck, because of his size.

"Slow down, Mum — Dad's knuckles are getting white again!"

THE FINAL OF ALL MATCHES

ST. KIERANS V's ST. JOESPHS

The enormity of the occasion weighed heavily on the young players who took the field in the AIB FAIS Leinster School Cup.

Both schools reknowned for GAA had to renew their hostilities after one hundred and ten minutes could not separate the two sides. The teams understandably showed signs of nerves in a particularly tense, first half. It was St. Kierans who had the better of the first half. This final was Joey's third consecutive final and the team boasted seven members of last year's Leinster and Ireland, cup winning squad.

This game also saw on the wing for St. Kierans the Tenerife born Oscar Cubillo Blasco or as we the supports called him Pablo.

Ernie Frazer and Joe Corcoran began to carve open the St. Kieran's defence and it was Frazer who had a goal disallowed for off-side. The second half was very attacking with Joey's making all the running, Frazer and Woods brought good saves out of Brian Wall (the Kilkenny goalkeeper), as did David Maher.

Joey's were far more confident and direct going forward and they upped pace in a very hectic extra half. However they were denied by B. Dalton who saved the day by clearing the ball off the goal-line he also blocked shots from Corcoran and Frazer and it was Corcoran who shot against the underside of the bar, but made no head way. A replay was in order.

St. Joesphs 1 St Kieran's 3

The replay meant a two and a half hour bus journey, own goals, missed chances, lots of songs, disappointment and good laugh at our friend Pablo and " Joys kill the hippy ". The football was bit lost and it was Joeys who brought about their own downfall with own goals by Ray Sliney and P. Gillick. Joeys without the injured Joe White, could just not get it together and were the victims of a 25 yard great free kick into the top corner. Ernie Frazer got a goal back when it was two nil when he calmly finished the through ball. He then had a chance to put the teams equal but it took too much time and the ball was cleared away.

The second own goal was then put away by P. Gillick and the game was over and back to Dublin we went.

In U 16 football, we reached the semi-final with our own Paul Warhurst and Andy Kenny starting with six gaols which included a hat-trick. The U 16 team failed to make progress and were unsuccessful after last years Dublin Championship win at senior level

In Gaelic games the seniors reached the semi-final but were defeated by Gormanstown.

10 Things you never knew about BRID !!!

1. Brid's real name is Natasha Doafotocopyov. She is a Soviet immigrant who fled the country in the early sixties.
2. Brid can type 300 words per minute blindfolded with one hand tied behind her back while singing the national anthem backwards
3. Brid is actually a secret administrator of the school. The letters which Mr. Michael Foster claims to dictate to her are in fact Brid's brainchild.
4. Brid was once Roger's assistant while he worked in Nasa 's nuclear physic's dept.
5. Brid enjoys wind surfing, rock climbing and is currently on the squad of the Irish International ladies soccer team.
6. Brid has two daughters on the staff. Ms. Maguire, changed her name because she couldn't spell her Russian name. Ms. Forde fell out with her mother due to conflicting religious beliefs.
7. Brid spent last summer in the then Soviet Union, as Mikhail Gorbachev's personal secretary. She returned home early when she found out that he was madly in love with her. Brid believed that their relationship could never work. Though she firmly denies this.
8. Incidentally, Mikhail is no longer the president of the Soviet Union. Rumour has it that he is currently lodging at Brid's £1 million mansion in Dalkey.
9. Despite her amazing capabilities and qualities Brid likes to keep a low profile in her professional and domestic life.
10. Brid nearly won £10,000 last month but unfortunately the last number on her scratch-card was £10 not £10,000.

"There's something else, but rather than spoil your weekend, I'll tell you about it Monday!"

On behalf of the pupils of Joeys the Transition Year lads would like to say a special word of thanks to BRID and wish her every happiness for the future

THANK YOU
