1.4 The system is wholly owned and operated by the school.

3.4 Materials or knowledge secured as a result of the use of the System will not be used for any commercial purpose. The recorded images shall be stored on the system's hard drive, which will only be released to the Gardai or other third parties for use in the investigation of a specific crime with the written authority of the Garda Síochána. Zip Discs containing personal data will never be released to the media or other third parties for any purpose that is not permitted under the Policy without the Data Subject's consent.

3.5 The planning and design of the System has endeavoured to ensure that it will give maximum effectiveness and efficiency insofar as is reasonably practicable but it is not possible to guarantee that the System will cover or detect every single incident taking place in the areas of coverage.

3.6 Warning signs, as required by the Code of Practice of the Data Protection Commissioner have been placed at all access routes to areas covered by the school CCTV's to inform all persons who may be deemed Data Subjects, of the operation of the System.
